MEMORANDUM FOR: DC/EE/SS

SUBJECT: Draft Teletape [] 12089

25X1A

1. We have received your draft cable to the field concerning the use of home leave and have the following comments as to whether the cases of [] are, as you state, similar. We would not be in a position to judge without the full facts of each case. As to your paragraph 2, we would agree that annual leave, sick leave, TDY, or any other approved time in the United States of not more than four months' duration should not be considered a break in overseas service for the purpose of accruing home leave.

2. We cannot agree, however, with the exception of TDY of less than four months' duration, that time spent in the United States would not serve to lengthen the period of time before the employee would become eligible to utilize home leave. We would agree that the four months' leave provision could not serve to shorten the overseas tour from two years to twenty months. With this modification, we would concur in the teletape as drafted.
